If a course is full, students should not appeal to instructors to enroll.

PLACEMENT TESTING

If you plan to enroll for English or math, you will need to take a placement test unless you have already fulfilled the prerequisites. The testing schedule can be viewed on the web by clicking the Testing Schedule link in the left menu at www.sunydutchess.edu/academics/academic_services/. You will need a Placement Test Referral Form. You must place into the desired course(s) before your registration can be finalized. Students who need accommodations for the placement test should submit documentation to the Office of Accommodative Services SSC Room 201 (845) 431-8055, and schedule their placement test with the Office of Academic Services and Testing *after receiving written authorization for accommodations*. Students who opt to take the placement test without accommodations are not eligible to re-test with accommodations unless they participate in academic intervention as defined by the Office of Academic Services and Testing.
