Lorraine Springsteen Support Staff Scholarship

Dear CSEA member:

The Lorraine Springsteen Support Staff Scholarship Committee is now accepting applications for the **Spring 2016 semester**. The DCC Foundation awards these scholarships each semester from the endowed Lorraine Springsteen Support Staff Scholarship Fund and from funds donated annually by contributors specifically interested in supporting this scholarship fund. **These scholarships typically fund books and fees for one course for CSEA staff members attending Dutchess. A flat amount is typically awarded for recipients attending other colleges (Non-DCC).**

Criteria and guidelines:

- **The absolute deadline for applications for the Spring 2016 Semester is December 31, 2015 (no exceptions).** Submit to Mary Ramaglia or Marcia Ali.
- Scholarship applications are available to any permanent CSEA member who has been employed at the college for a minimum of one year prior to the semester for which the scholarship is awarded.
- Recipient must attain a grade of "C" or better if they wish to be considered for future scholarships.
- If the recipient drops a course after the college refund period, it may affect the committee's determination of eligibility for future scholarships.
- If the recipient returns the textbook to the bookstore for cash, the employee will be trusted to return the refund to the Scholarship Committee.
- Selected courses do not have to be work related.
- There is no limit to the number of times one may receive a scholarship. However, in a semester where the number of applicants is high, priority may be given to employees who have not yet been recipients.
- For Non-DCC courses, up to \$150 is awarded after documentation is provided for textbook fees. (Documentation must be provided prior to issuing award.) Upon completion of the course, proof of final grade must also be provided in order to be considered for future scholarships.

Thank you for your continued support!
