I am honored to have been chosen as the recipient of the Ginger Mancuso Memorial Scholarship. I recently finished my sophomore year at Dutchess Community College, and will be starting at Mercy College in the fall where I will continue to major in Business Administration with a focus in Finance. Since I started college, and even before, I had to work part-time throughout the school year, and full-time in the summers, to help me pay my tuition and school expenses, which at times was difficult. With this scholarship, it can ease some of the financial burden I will incur will pursuing my undergrad degree, and give me the opportunity to perhaps not have to work as often throughout the school year, and give me even more time to focus on my studies and enjoy some free time. It is not always easy to balance school and work, but with this scholarship, I firmly believe that it will make it easier to do. I can't express my gratitude enough, but I can promise that I will do my best to continue to pass the generosity on and hopefully make a difference in someone's life, as you did in mine.

I am extremely honored to be chosen as the recipient of the Hudson Valley Saxophone Scholarship this year. I just finished Orchestra II with Dr. Brellochs this semester, the final course in completing my Music Performance Certificate. This generous scholarship will make it possible for me to finish my Associate's Degree this fall. The best thing about receiving the award is that Dr. Brellochs, who has been my professor and mentor throughout the music program, is an incredible saxophone player and role model to all students pursuing music at Dutchess. I would also like to thank Larry Ham, with whom I studied jazz piano over the last two years. This semester I was fortunate to be part of the orchestra and given the opportunity to play multiple percussion instruments. As part of our course, each musician recorded individual parts from 19th century pieces, The Gliding Girl by John Philip Sousa and Piotr Tchaikovsky's Cossack Dance which were then edited together for a final grand finale zoom performance. I can't thank Dr. Brellochs and all the Dutchess music faculty enough.

I cannot explain my gratitude in words on how honored and grateful I am to receive this scholarship. During this whole COVID-19 pandemic, I feel like I have seen it all, from my parents struggle with paying bills and not working for a few months, having to work extra when they got back to their jobs, to them contracting COVID and I had to step up and take care of both my parents and my only living grandmother because I was the only one who did not develop symptoms. When you go through experiences like that, it makes you step back and be grateful for things and even became motivation to work harder and be the best I could be. I just wanted to say from the bottom of my heart, thank you for this Scholarship and thank you for believing in me.

I have been thinking of going back to school for many years. I always found a way to talk myself out of it. I would tell myself I didn't have the time or the money and I would just leave it as a pipe dream. This past year has been a rollercoaster for everyone. I decided to come back to school and not let any excuses get in the way. I want to become a teacher and I am very focused on completing school to reach my goal. This past semester, I tried for this scholarship and you gave it to me. This means so much to my family and me. The money taken off of the amount it costs per class helps out in so many ways.
