

Dear Student:

This program requires medical information for you to participate at clinical site.

All of the following items need to be completed:

- **Physical Examination:** An annual physical examination is required to be on file with the College Health Office prior to the start of the clinical course. **The physical examination date cannot expire within the semester.**

***Your physical examination must be transcribed on the attached DCC health form that includes typical duties.**
- **Tuberculin Screening: PPD/Mantoux or QuantiFERON/IGRA:** An annual tuberculin screening is required. The date cannot expire within the semester. If a positive reactor, a chest x-ray is required. A chest x-ray cannot be in lieu of a QuantiFERON.
- **Respirator Fit Questionnaire:** Bring the Respirator Fit Questionnaire to your physician for evaluation, completion, and signature. The completed Respirator Fit Questionnaire will be collected at scheduled Respirator Fit appointment. Any questions regarding the Respirator Fit process should be directed to the DCC EMS department: 845-431-8390.
- **Hepatitis B:** Series of three (3) vaccination dates or serology (titre) of positive immunity or signed Hepatitis B declination form (attached).
- **Mumps:** Documentation of two (2) MMR vaccinations or serology (titre) of positive immunity.
- **Measles:** Documentation of two (2) MMR vaccinations or serology (titre) of positive immunity.
- **Rubella:** Documentation of two (2) MMR vaccinations or serology (titre) of positive immunity.
- **Varicella:** Documentation of two (2) Varivax vaccinations or serology (titre) of positive immunity.
- **Meningitis:** Documentation of Meningitis ACWY vaccine within the last 5 years or two (2) Meningitis B vaccines or a signed Meningitis declination form (attached).

Documents can be submitted by:

Email: healthoffice@sunydutchess.edu

Fax : 1-888-972-1736

Drop off: Health Office, Student Services Building, room 110

A clearance waiver will be issued upon satisfactory completion of health documents.
