

## The SUNY General Education Requirement

All students in programs leading to A.A. and A.S. degrees need thirty credits in a minimum of seven of ten SUNY-General Education Requirement areas, including but not limited to at least three credits of course work in each of the following SUNY GER appendices: mathematics, natural science, social science, American history, Western Civilization, Other World Civilizations, humanities, the arts, foreign languages and basic communications. The Associate of Applied Science programs include a minimum of 20 General Education credits. The courses listed below satisfy the General Education requirement in the designated academic appendix.

900-level (experimental) courses cannot be used to fulfill SUNY General Education Requirements.
