Fall 2008 – Fall 2017

DUTCHESS
COMMUNITY COLLEGE

Institutional Research, Planning & Assessment

Introduction

This is the Dutchess Community College Fact Book for the Fall semester for the years 2008 through 2017. The Fact Book is designed to serve as an accurate and convenient source of information about the College. It also provides a means of systematic and consistent information sharing across the campus. The information contained in this Fact Book can be used for internal analysis, decision-making, and planning.

The Fact Book presents data related to student enrollments, applications, graduates, faculty, and Community Services.

The information presented in the Fact Book is a compilation of data from many sources. The footnote on each page indicates the source for the data on that page. For further details, or for data not contained in this book, contact the Office of Institutional Research, Planning & Assessment.

Notice of How and Why the Data Source has Changed beginning with the Fall 2011/Spring2012 Fact Book

During the winter of 2012, SUNY made a Business Intelligence query tool available to all campuses, as an extension of the SIRIS (**S**UNY **I**nstitutional **R**esearch **I**nformation **S**ystem) project. The first module released allows campuses to access officially reported enrollment data in a very robust way beginning in Fall 2002. This data is static, based on what each campus reported as their final numbers – both headcounts and credit hours. Unfortunately, our own Banner system does not have the inherent capacity to freeze the data, and is instead, a dynamic system that is subject to change at any point – if a person with the proper authorization to the data makes an adjustment.

The query tool that SUNY has licensed system wide is extremely easy to use. Current SIRIS data being collected, along with earlier SDF (**S**tudent **D**ata **F**ile) data back to 2002, is now housed in a SUNY warehouse in a way that is pre-defined across the entire system and available to all of the SUNY campuses for reporting and comparison purposes.

Beginning with the Fall 2011/Spring 2012 edition of the DCC Fact Book, Official numbers – both headcounts and credit hours, reported to SUNY for Dutchess Community College are the source of most of the data in this book. Earlier editions of the Fact Book used data captured at the 3rd week census reporting dates.

You may find that in some cases, a number, or category, in the Fall 2011/Spring 2012 Fact Book does not align exactly with what had been reported in some earlier edition of the Fall Fact Book. This is due to the fact that beginning with the Fall 2011 Fact Book, and moving forward, wherever possible the source of the data has changed. The Fall 2011/Spring2012 Fact Book uses Official SUNY data that is now housed in a SUNY database, and will always remain static over time. In most instances, the Official final numbers, if changed from an earlier edition of a Fall fact book, will be a bit higher than what had been previously reported. This is due to late registrations being processed, and/or students having registered only in late starting classes.

The office of Institutional Research hopes you find this information to be helpful, and that the transition as to where data is sourced from, will be smooth for all parties concerned. Thank you for your patient understanding as we adapt our reporting systems to the new technologies available to us.
